## Narratives

**Areas of Greatest Need:**

This is not a Disaster Grant. The DRGR Reporting System is being used to report and draw funds for the Neighborhood Stabilization Program.

**Distribution and Uses of Funds:**

Adhering to the intent of this program, resources will be directed to neighborhoods in which a significant positive impact is expected. Applicants should seek to target neighborhoods that have at least 10 percent of the housing units, properties, or structures that meet the approved definition of foreclosed or abandoned. The program is aimed at addressing neighborhoods that have been hardest hit by the recent foreclosure crisis, not necessarily those areas that have negative conditions brought about by events pre-dating this issue. Scattered-site approaches that dilute impact will not be allowed. When targeting neighborhoods, applicants will be required to document how the proposed project area constitutes a defined neighborhood. This can be based on historical information, community perception, mapping, or other supporting documentation.
